Abitt Like Home Kennels was formed in 1992 and since that time has been involved in breeding and training English Springer Spaniels for hunting and trialing. Casey has been actively involved in training bird dogs for 20 years.

Our philosophy is to breed to consistently improve performance while maintaining sound confirmation, temperament and trainability.

We offer a 100% guarantee and replacement policy. Our pups are guaranteed free of hip and retinal dysplasia and other hereditary disorders. Temperament and huntability are also included in the guarantee. Health is guaranteed for 10 days after the arrival of your new puppy. If any of these conditions or disorders does occur with your new puppy, Abitt Like Home Kennels will replace it with a new puppy from a future litter at our expense, excluding the airfare and transportation costs. We do request that your first puppy be spayed, neutered, or euthanized and that we receive veterinary certification verifying this before the replacement puppy is provided.

A non-breeding agreement endorsed by the Canadian Kennel Club will be placed on the puppy at the time of sale. This non-breeding agreement will be cancelled after the puppy has received a passing OFA certification and eye certification.

We require a \$300.00 deposit to ensure your pick of the litter. Puppies can be purchased for \$1100 plus 5% GST. We reserve the right of first choice on any of our litters.

Your new puppy will have its tail docked the standard one third and the dew claws are removed. Deworming and first vaccinations will be provided. Canadian Kennel Club Certificates of Registration are supplied at no extra cost to you and please allow up to six months to receive your papers.

We offer professional gun dog training. Please see our Professional Training tab for more information.

Our commitment to excellence is your assurance of quality.

Sincerely,

Casey and Carol Butz
